

YWCA
SASKATOON

A Community **of Support**

2025-2026

Annual Report

Many Hearts, One Community

For more than a century, YWCA Saskatoon has walked alongside women and their families through moments of challenge and transformation. We are a welcoming, community-driven organization that provides emergent and preventative services while fostering resilience, growth, and a renewed sense of possibility.

Our Mission

Honouring our commitment to women and their families, we provide services and programs to advance and advocate for reconciliation, independence, wellness and equity in an environment where everyone feels safe and respected.

Vision & Values

- Women, girls, and their families are empowered in a safe, equitable community.
- Though our facilities, staff, and resources have changed since we began, our vision and our goals have not – and we remain just as committed to them today as we were when our doors opened. We are dedicated to continued growth, education, and reconciliation in order to provide equitable, trauma-informed care.

Land Acknowlegment

YWCA Saskatoon operates on Treaty 6 Territory – the traditional homeland of the Nehiyaw and Nehithaw Cree, Dene, Nahkawe, Saulteaux, Dakota, Lakota and Nakoda peoples, as well as the homeland of the Métis.

We pay our respect to the First Peoples and caretakers of this land and affirm our commitment to authentic, meaningful and action-led truth and reconciliation. We commit to creating a safe and inclusive environment that honours the diverse cultures, histories, and experiences of Indigenous Peoples.

MESSAGE FROM **BOARD CHAIR & CEO**

It is an honour to share this Annual Report and to reflect on a year of meaningful progress, possibility, and impact at YWCA Saskatoon.

As I begin my journey as CEO, I am grateful for the opportunity to provide leadership at an important moment in our organization's history. I step into this role with deep respect for the vision, leadership, and commitment that have brought YWCA Saskatoon to this point.

Together, we recognize the strong foundation that has been built and look forward to the opportunities ahead. We are especially grateful to our Board of Directors for its vision and stewardship, and to our past CEO, leadership team, and staff whose dedication and care have carried this work forward. Their contributions have created a strong foundation upon which we can continue to build.

One of the most significant milestones of this past year was the completion of Phase Two of the Hope Lives Here campaign and the opening of our new Wall Street Early Learning Centre. These achievements are tangible expressions of what happens when vision is met with perseverance and generosity. The Early Learning Centre is more than a new space; it represents an investment in children, families, women, and the future of Saskatoon and a commitment to creating the conditions in which people can thrive.

At YWCA Saskatoon, our work is grounded in the simple but powerful belief that every woman, girl, and family deserves the opportunity to live with safety, dignity, belonging, and hope. Across our programs and services, staff and volunteers work every day to make that belief a reality. They meet people where they are, respond to complex needs, create pathways forward, and build the relationships that make lasting change possible.

This is a moment to honour the work that has come before us while looking with optimism and purpose toward what comes next. We are grateful for the leadership, dedication, and generosity that have brought YWCA Saskatoon to this point, and we are deeply committed to carrying that work forward together.

Thank you to our Board, staff, volunteers, donors, funders, partners, and community supporters. Most importantly, thank you to the women, girls, children, and families who allow us to walk alongside them. Your courage, resilience, and hopes are at the heart of everything we do.

With gratitude,

Erica Baerwald

Crisis Shelter & Residence

This past year YWCA Saskatoon's Crisis Shelter and Residence served 465 individuals, including 168 children and 74 families with interpersonal violence as the highest-reported reason for accessing services, followed by unsafe housing.

Additionally, in partnership with the Saskatchewan Health Authority (SHA), our 14-bed Wellness Recovery Supported Living Program accepted 23 individuals total and at time of reporting (May 2026) sat at 100% occupancy. With an average stay of 160 days, this program provides medium-to-high intensity residential support for individuals experiencing mental health or addiction-related challenges, through longer-term housing, trauma-informed services and a recovery-oriented approach.

Hopeful Hearts

In April 2025, after much anticipation, the doors of Hopeful Hearts opened. This additional transitional housing wing added 75 beds throughout 35-second stage housing units to our already existing Crisis Shelter and Residence. Over the past year-and-a-half this transitional housing has made an incredible impact on women and children in need through programming that provides safety, stability, support and a space to heal.

Since opening, five women and their children have transitioned into independent living in the community, six have participated in our Employment and Learning Centre's pre-employment program, eight have gained employment, two are pursuing their Grade 12 education, and two are attending a post-secondary institution.

A major highlight of Hopeful Hearts has been the facility's ability to provide family accommodations, allowing mothers to stay with their children. The impact of these family units is evident in the multiple success stories of families remaining together or being reunited in a stable and supportive space.

These success stories include families at various stages of custody, including one who has progressed to regular, unsupervised overnight visits with her children, one who has gained custody of a niece and two who have been reunited with their children after two years in foster care. One resident said the stability of Hopeful Hearts enabled her to remain with her children, while accessing employment programs and working on her own personal healing. Another, in recovery after leaving an abusive relationship, was reunited with her children after a six-month stay on her own.

> *"The stability of Hopeful Hearts enabled me to remain with my children, while accessing employment programs and working on my own personal healing."*
> **— Hopeful Hearts resident**

requests for housing denied due to capacity

...and that is why our work still needs to continue.

Fitness on 25th

Fitness on 25th continues to be more than a gym. It is a place for connection through community, movement, recreation, clinical care and overall wellness. Funds from memberships, rentals and other programming directly support the wraparound services provided through our Crisis Shelter & Residence, Child Development Centre and Employment and Learning Centre.

The past year has been full of milestones, including Fitness on 25th's highest membership level since the pandemic, more than 2,000 gym and studio rental hours logged, over 90 women enrolled in free fitness membership, more than 50 individuals accessing the financial-assistance membership and an inaugural Y Race that raised more than $10,000 for Fitness on 25th.

Keeping members in mind, Fitness on 25th has added two more occupational therapists, four treadmills and two new pieces of weight-training equipment, modernizing and expanding the facility further. Other highlights include a partnership with the Child Development Centre that provides play-based movement, Karate programming, exercise classes for youth sports teams and our summer camps, where we experienced the highest demand since launching with multiple weeks sold out.

More than **2000** memberships

More than **$10,000** raised for the Y Race

Over **90** women enrolled in free membership

Over **50** individuals accessed the financial-assistance membership

Our Café continues to be a valuable addition, growing to include two full-time staff members, fresh in-house offerings, and a partnership with the Employment and Learning Centre.

Through this partnership, we provided meals to program participants, many of whom were experiencing food insecurity.

Employment & Learning Centre

Through various programs, the Employment & Learning (E&L) Centre continues to help community members build employment skills, increase self-sufficiency, find work and connect with other YWCA supports such as childcare, food and housing-related services. These programs, including the Job Search Program, Women Shifting Gears and Trade Journey, serve a diverse group of participants including women, men and gender-diverse individuals.

Success story

A new start in her field

*Carmen, a newcomer from Colombia and a university graduate with human resources experience, arrived in Saskatoon after completing her MBA in Vancouver. When she arrived at the Employment and Learning Centre, she was working part-time as a restaurant host while seeking employment in her field.

After receiving support to review and redevelop her job search documents, she secured full-time employment as an administrator at an automobile repair shop. This role includes human resources responsibilities. Additionally, when her employer was seeking automotive technicians, E&L was able to connect them with another client seeking an apprenticeship after completing SIIT's Fundamentals of Automotive Service Technician program.

** Name has been changed to protect the privacy of the participant.*

Child Development Centre & Early Learning Centre

The YWCA's Child Development Centre (CDC) continues to provide a safe and welcoming space for children to learn, grow, and play. With 62 licensed spaces, the CDC served 83 families this year, including families staying at the Crisis Shelter & Residence and Hopeful Hearts.

This year, through a partnership with Fitness on 25th, the CDC introduced play-based movement classes for toddlers and young children. The CDC also works closely with the Employment & Learning Centre to recruit educators and connect families with childcare supports.

Parents' testimonials

The YWCA is an important piece of our family's life. Our two-year-old looks forward to going every day where she plays with her friends, moves her body, and learns new things.

For me, having a reliable place to bring her where I know she'll be nurtured by the incredible staff allowed me to go back to work with confidence."

I can't say enough good things about the staff. From the reception desk staff each morning to the caregivers who make sure we are comfortable and know what our kiddo is up to, everyone has been amazing. You can tell they all really care about the kids."

Wall Street Early Learning Centre

A major milestone this year was the May 2026 grand opening of the new Wall Street Early Learning Centre, adding 90 licensed childcare spaces to the existing 62 at the YWCA Saskatoon 25th Street location.

Serving children aged 18 months to six years old, the program focuses on the needs of young children, while involving parents to complement a home setting of warmth and care.

YWCA SASKATOON

Women of DISTINCTION

PRESENTED BY 100 1926-2026 GRAHAM

The 44th Annual Women of Distinction Awards, presented by Graham, were held at TCU Place on May 14, 2026, in a room buzzing with joy, excitement and celebration.

This year's event recognized **30** nominees across nine award categories: Business & Entrepreneurship, Community Building, Education, Health & Wellness, Leadership in Athletics, STEM (Science, Technology, Engineering & Math), Women in the Trades, Young Trailblazers and the Lifetime Achievement Award. Their stories of resilience, leadership and achievement inspired all who attended.

A particularly moving moment of the evening was a personal success story shared by the YWCA's Crisis Shelter & Residence on behalf of a client, highlighting the lasting impact of YWCA programs and services on women, children and families in our community.

We are incredibly grateful to our Title Sponsor, Graham, along with all of our Award Sponsors, Event Sponsors and Partners. Their generous support makes this celebration possible and helps us continue recognizing women who are making a difference in our community.

Congratulations to all of our recipients and nominees! Your leadership, dedication and achievements are inspiring the next generation of women leaders.

It was a memorable evening of fundraising, celebration and connection. We look forward to marking a special milestone in 2027 as we celebrate the 45th anniversary of the Women of Distinction Awards.
